**FOR RELEASE: DECEMBER 6, 2016**

**NEW JERSEY VOTERS GIVE CHRISTIE HISTORIC 4-1 DISAPPROVAL,  
QUINNIPIAC UNIVERSITY POLL FINDS;  
GOV KNEW ABOUT BRIDGEGATE, VOTERS SAY 3-1**

New Jersey voters disapprove 77 – 19 percent of the job Gov. Christopher Christie is doing, the lowest approval rating for any governor in any state in more than 20 years of the Quinnipiac University Poll, according to results released today.

Voters say 48 – 43 percent that Gov. Christie personally ordered the “Bridgegate” traffic jam on the George Washington Bridge in 2013, the independent Quinnipiac (KWIN-uh-pe-ack) University Poll finds.

Voters also say 71 – 22 percent that Gov. Christie knew his aides were causing “Bridgegate.” His potential involvement in the scandal should be investigated further, 56 percent of voters say, while 41 percent say it has been investigated enough.

Christie gets negative ratings from every party, gender, racial and age group measured, ranging from a negative 39 – 53 percent among Republicans to 9 – 90 percent among Democrats.

Looking at Christie’s personal qualities, New Jersey voters say:

- 71 – 24 percent that he is not honest and trustworthy;
- 67 – 28 percent that he does not care about their needs and problems;
- 51 – 46 percent that he does not have strong leadership qualities.

Garden State voters say 69 – 24 percent that President-elect Donald Trump should not offer Christie a job in his administration.

“How the mighty have fallen. Remember four years ago, when Republican leaders were pleading with New Jersey Gov. Christopher Christie to run for president and he looked like a sure thing for reelection – which he was? Now the neighbors have handed him the most dubious of honors, the lowest approval rating ever measured for a governor in the states surveyed by the Quinnipiac University Poll,” said Assistant Poll Director Maurice Carroll.

**-more-**

## **Quinnipiac University Poll/December 6, 2016 – page 2**

“The Gov's job approval numbers get worse every time anyone looks. The last time we looked, May 18, he had a 64 – 29 percent disapproval rating,” Carroll added.

“This could be a long final year for Gov. Christie.”

Only 3 percent of New Jersey voters give Christie an **A** for the job he has been doing as governor, other grades are:

**B** – 16 percent;

**C** – 24 percent;

**D** – 22 percent;

**F** – 36 percent.

“If Christie were a student, his marks would be terrible, mostly D and F,” Carroll said.

### **President Obama, U.S. Senators, Governor's Race**

New Jersey voters approve 56 – 36 percent of the job President Barack Obama is doing, his best score since a 57 – 38 percent approval in an April 24, 2013, survey shortly after his reelection.

U.S. Sen. Cory Booker gets a 56 – 25 percent approval rating, his highest score ever.

Voters approve 40 – 34 percent of the job U.S. Sen. Robert Menendez is doing, his first positive score since a 46 – 33 percent rating in a January 21, 2015, Quinnipiac University poll.

In an early look at the 2017 New Jersey governor's race, with no candidates mentioned, 44 percent of voters say they will vote for the Democratic candidate and 30 percent say they will vote Republican. The unnamed Democrat leads 34 – 27 percent among independent voters.

Two possible contenders remain largely unknown as 67 percent of voters don't know enough about Republican Lt. Gov. Kim Guadagno to form an opinion of her and 85 percent don't know enough about Democrat Phil Murphy.

President-elect Donald Trump remains unpopular in New Jersey, with a negative 38 – 51 percent favorability rating.

From November 28 – December 4, Quinnipiac University surveyed 1,318 New Jersey voters with a margin of error of +/- 2.7 percentage points. Live interviewers call landlines and cell phones.

The Quinnipiac University Poll, directed by Douglas Schwartz, Ph.D., conducts public opinion surveys in Pennsylvania, New York, New Jersey, Connecticut, Florida, Ohio, Virginia, Iowa, Colorado, North Carolina, Georgia and the nation as a public service and for research.
